**What is a 21<sup>st</sup> Century Honors Program?**

21<sup>st</sup> Century Honors Program is a program that provides students with a rigorous, challenging, and enriching educational experience. It is designed to prepare students for the demands of a global, interconnected world. The program is based on the following principles:

- **Academic Excellence:** Students are challenged to learn at a higher level than in a traditional honors program. They are encouraged to explore new areas of interest and to take ownership of their learning.
- **Global Perspective:** Students are encouraged to explore different cultures, languages, and worldviews. They are encouraged to become global citizens who are aware of and respectful of the differences of others.
- **Leadership:** Students are encouraged to take on leadership roles in their schools and communities. They are encouraged to be active citizens who make a positive impact on the world.
- **Character Development:** Students are encouraged to develop the character traits of integrity, respect, responsibility, and perseverance. They are encouraged to be lifelong learners who are committed to personal growth and development.

**21<sup>st</sup> Century Priorities**

- **Community:** We are working to enhance that through more social gatherings, more access to resources such as mental health services and more personal touches.
- **Communication & Marketing:** A complete overhaul Summer 2021.
